

Union County Public Schools Application for Early Graduation Mid Year

Application Guidelines

Graduation requirements are completed when all NC graduation requirements are fulfilled, all local standards have been met and the student has accumulated enough credits to meet the maximum potential minus four formula. Traditional high school graduates are expected to accumulate 28 credits (maximum potential – 32 minus 4 = 28). Career Academy students and South Providence students meet North Carolina requirements – 22 credits.

1. The student should have accumulated all but four credits necessary for graduation by the end of his/her junior year. If more than four courses are needed for graduation, a workable plan must be in place and approved by the school-based committee.
2. The student must have definite and acceptable purposes and goals for early graduation; i.e. entrance into a post-secondary institution, a full-time job commitment, enlistment into the armed forces, etc.
3. The student must have a conference with his/her counselor before the end of the 10th School day of their Senior year and submit a formal application at that time. Incomplete applications will not be considered.
4. The application will be reviewed by a school-based committee of administrators, guidance counselors and teachers. The completed application along with a transcript should be forwarded to the Central Services office of the Director of K-12 Curriculum and Instruction for final approval from the Chief Academic Officer within the first 10 days of the semester. If the application is not approved, the guidance counselor will receive a written explanation to give to the student.
5. It is understood that if the required credits cannot be scheduled as needed or if the student fails to earn the credits necessary, the student will not be able to graduate early.
6. Mid-year graduates are not eligible to participate in year round or second semester extracurricular activities with the exception of the Junior-Senior Prom and Graduation.

Growing Possibilities...
