

For Students

Getting Started with Scoir + Common App™

Your school is using the Common App integration in Scoir! 🎉 Once the integration is turned on, you'll see in your Profile where you can connect your Scoir and Common App accounts.

How It Works

We're not building the full Common App application experience *into* Scoir, and you'll still need to set up a Common App account to complete and submit your applications. Throughout the experience, there are certain actions you'll need to take in Common App, and others you'll complete in Scoir.

What To Do	Where
○ Create an account and begin completing your My Common Application. Add your high school in the Education section (which is how Common App will recognize you as a Scoir student)	Common App
○ Add at least one college to your list and sign your FERPA Release Authorization to ensure counselors can supply supporting application materials to all colleges you apply via Common App.	Common App
○ Connect your Scoir and Common App accounts beginning in Scoir by going to Me > View Profile . In the Personal Details section, click Connect Common App . From there, login to Common App, and once successful, you'll be redirected back to Scoir. You'll see your connection status updated and your Common App My Colleges activity will sync with your list in Scoir.	Scoir
○ For colleges you're applying via Common App, be sure to indicate a Preferred Start Term and Application Plan so that counselors can see required documents and status.	Common App
○ On top of your FERPA, you'll also make Fee Waiver requests, and complete your portion of Early Decision Agreements in Common App for those colleges you're applying via Common App.	Common App
○ If allowed, request teacher recommendations. You can only assign one recommendation per teacher across all of your Common App colleges. This limitation only applies to Common App schools. <i>NEW! One change you'll notice is once recommendations are complete, you'll need to assign them to colleges once completed by a teacher. To keep things easy, we recommend asking for general recommendations for Common App colleges when possible since they can be assigned to multiple colleges.</i>	Scoir
○ Continue building your My Colleges lists in Scoir, indicate colleges you're applying to using other application methods, and keep it as up to date as possible! We'll also support marking colleges as Applying when Common App is the application method, but we'll limit the information provided and prompt when it's necessary to take actions in Common App.	Scoir

Take a deeper dive by checking out the [Complete Guide to Common App](#) for students. If you have any questions, please contact your counselor.
